Directions for Administering the Sampler

The purpose of this Sampler is to prepare students for taking the New York State English as a Second Language Achievement Test, so that they will be familiar with the types of questions that appear on the test. They will learn to follow a row across the page from left to right, to mark their answers properly, and to change their answers when necessary. The test administrator (e.g., teacher) will become familiar with the rubrics used to score the Speaking performance tasks. The Speaking Scoring Forms are located in the Sampler booklet.

The Sampler is not scored. Therefore, students should be given as much help as they need to complete the questions successfully. For most effective use, the Sampler should be administered approximately one week before the regular NYSESLAT administration. You should become thoroughly familiar with these Directions before administering the Sampler. For your convenience, correct responses to the questions are printed in the back of these Directions.

Write each student's name on the Sampler booklet, if desired, before the Sampler administration begins.

Specific Directions for Administering

To administer the Sampler, read aloud the boldfaced text next to the word “SAY.” Instructions for the test administrator (e.g., the teacher) are printed in plain text and should not be read aloud to the students. The number of the test question being discussed is shown next to the directions.

SAY Today we are going to do some interesting activities. I am going to give each of you a booklet. Leave your booklet closed until I tell you what to do.

Distribute the Sampler booklets, with the front covers facing up. Be sure each student gets a booklet, a pencil, and an eraser.

Listening

SAY Open your booklet to page 2, where you see a picture of some headphones at the top of the page. This is the Listening section.

Demonstrate. Then walk around the room to make sure that all students have page 2 showing. Proceed with the Listening section directions.

SAY Look at the top of page 2. There are some directions at the top of the page. Listen as I tell you what to do next. Directions: Listen to the question. Look at the three pictures. Fill in the circle under the correct picture.

1 Look at number 1. When pictures go across the page like this, we say they are in a row.

Demonstrate by moving your finger from left to right across the pictures in question 1.

SAY In this first row, you see pictures of three different things. Which picture shows a toy? . . . Which picture shows a toy?

Call on a student and encourage a reply.

SAY That’s right. The correct answer is the toy truck. We will fill in the circle under the picture of the toy truck to show that it is the right answer. This is how you mark your answer with your pencil.

Show students how to mark the answer space by drawing an answer circle on the chalkboard and filling it in. Students need not keep their marks completely within the answer circles, and all the space within the circles does not have to be filled in. Show students how to erase an answer they might want to change. After you begin to administer the test, move quietly around the room to make sure that the directions are being followed correctly.

SAY Now put your finger under the next row. Listen to the question and look at the three pictures.

2 Look at number 2. Which picture shows a boy brushing his hair? . . . Which picture shows a boy brushing his hair?

Pause for about 8 seconds.

SAY Which picture did you mark?

Pause for responses.

SAY Yes, that's right. You should have marked under the first picture, which shows a boy brushing his hair. In the second picture, the boy is dusting a lamp, and in the third picture the boy is pulling on a cap.

Writing Conventions

SAY Now look at the next page. At the top of the page you should see a picture of an open notebook and a pencil. This is the Writing Conventions section.

Make sure everyone has page 3, the Writing Conventions section, showing.

SAY There are some directions at the top of the page. Listen as I tell you what to do next. Directions: Look at the picture. Read the question and three answers. Fill in the circle under the correct answer.

1 Now look at number 1. Which word goes with the picture?

Pause.

SAY Which word did you mark?

Pause for responses.

SAY Yes, you should have marked the second word, *bee*. It is spelled *b-e-e*. The other words in this row, *see* and *fee*, do not tell about this picture.

Now turn the page. Listen as I tell you what to do next. Directions: Read the question and three answers. Fill in the circle next to the correct answer.

Pause.

SAY

2 Now put your finger under number 2. Which sentence is correct?

Pause. Give students time to mark their answer.

SAY Which sentence did you choose?

Pause for responses.

SAY You should have chosen the third sentence, "That is funny." The other two answers are not correct because they are not complete sentences. They are missing important words.

Give help as needed so that students understand how to answer the questions.

Reading

SAY Look at the top of the next page, where you see a closed book. This is the Reading section. There are some directions at the top of the page. Listen as I tell you what to do next. Directions: Read the question. Look at the picture and read the answers. Fill in the circle under the correct answer.

1 Move your finger under number 1. You will do this row on your own. Mark under the word that tells what is in the picture.

Pause. Give enough time for students to mark their answer.

SAY Which word did you mark?

Pause for replies. Make sure students understand how to answer the questions. Give further explanation if needed.

SAY Yes, that's right. You should have marked under the first word, *ten*. The other words in this row, *two* and *three*, do not tell about this picture. If you marked the second or third word, erase your mark and mark the correct word. Does anyone have a question?

Answer all questions. Then go on to number 2.

SAY Move your finger under number 2. There are more directions here. Listen as I tell you what to do next. Directions: Read the question. Look at the three pictures. Fill in the circle under the correct picture.

2 Now do number 2 on your own. Read the sentences silently and mark the picture that the sentences tell about.

Pause. Give students enough time to mark their answer.

SAY Which answer did you choose?

Pause for responses.

SAY Yes, the third picture is the correct answer. It shows a bird in the tree, doesn't it?

Give help as needed so that students understand how to answer the questions.

Speaking

IMPORTANT NOTE

The Speaking Sampler is individually administered. Each student will need their Sampler booklet to look at the Speaking questions when taking the test. The test administrator or teacher should cut out the Sampler Speaking Scoring Form, located in the back of each Sampler booklet, to score the student's responses. Review the directions for scoring prior to test administration. Following procedures for scoring the Speaking test is important because it mimics the way teachers will score the actual test.

SAY Turn to page 6. This is the Speaking section. You will have three questions to answer. You will not have to mark or write anything in your booklet. You will only have to speak.

Pause. The test administrator or teacher should have cut out the Sampler Speaking Scoring Form and be prepared to fill in the appropriate circle to score each student's responses.

SAY There are some directions at the top of the page. Listen as I tell you what to do next. Directions: Listen to the words and read them. Then look at the picture and finish saying the sentence. Use the picture to choose your words.

1 Look at number 1. We go to the park and . . .

Encourage the student to complete the sentence by looking at the picture and saying in their best English the words that would be appropriate to complete the sentence.

Pause about 15 seconds.

Score student's response.

SAY Look at the next page. There are some directions at the top of the page. Listen as I tell you what to do next. Directions: A person will say something to you. Listen and then answer. Say something back to the person.

2 Look at number 2. What game do you like to play?

Pause about 15 seconds. Give the student time to think of an appropriate response. If a student is having trouble responding, encourage the student to think about the game they play with friends.

Score student's response.

SAY

3 Look at number 3. Don't you think school is fun?

Pause for about 15 seconds. Give the student time to think of an appropriate response. If needed, give the student help by giving an example of when someone might ask this question.

Score student's response.

SAY Do you have any questions about what we have just done?

That is the end of this activity. In a few days, we will do some more activities like this. Put your pencil down and close your booklet so that the front cover is facing up.

Collect the booklet. This concludes the Sampler.
